Will you allow a PCHS representative to visit your home? _____

Name and number of your veterinarian _____

We require pets to be kept current with heartworm medicine (dogs) and flea and tick preventative (unless their veterinarian determines that it's not necessary. The average cost for both products is \$125 every six months. Will you be able to do this? _____

It may take six weeks or more for your new pet to adjust to your home and family. Are you willing to allow this much time? _____

I understand that the primary goal of an adoption is to find a home that the PCHS Shelter Manager and Board of Directors believes is the best fit for the animal. Although adoptions generally take place to approved applicants on a first-come, first served basis, this may not always be the case if the Manager or the Board feel another applicant may be a better fit for the animal. PCHS reserves the right to deny an application for any reason.
